

List your corporation on Indigenous Business Direct

It might be the best decision you ever make

ORIC and Supply Nation are collaborating to ensure that Aboriginal and Torres Strait Islander corporations have greater economic opportunities. If you supply goods or services that governments or companies need we want to connect you with them through Supply Nation's directory, Indigenous Business Direct.

Corporations registered under the *Corporations (Aboriginal and Torres Strait Islander) Act 2006* (CATSI Act) already meet the Indigenous ownership requirement to be listed on Indigenous Business Direct—so it's easy to join.

What is Indigenous Business Direct?

Our ever-growing directory currently lists 1250 Indigenous businesses, including 47 CATSI Act corporations. So if you are looking to strengthen the business arm of your corporation, and want to get your product or service in front of teams buying from Indigenous businesses... register today!

Why should I register?

Since 2015, the Australian Government's Indigenous Procurement Policy requires government staff who need to buy something to look for it on Indigenous Business Direct. In the last 18 months they've spent \$407 million on goods and services supplied by 708 Indigenous businesses. Indigenous Business Direct is also the first port of call for almost 300 privately-owned companies who buy from Indigenous businesses. In the last year, across government and corporate Australia the spend has been over \$1 billion.
